## GO GREEN GO WYZE COLLATED SCREWS

Now WYZE Fasteners range of collated screws are not only in a green box – they now come in a green strip making them easily identifiable. We have paid particular attention to the design of the strip to make sure that they are suitable for all common brands of tools currently on the market.

All of the popular types of collated screws are available for fixing to steel, timber and Self Embedding Head versions for fixing cement sheet to steel and timber.
